

3A Cheung Yan Lok, Enoch

My best friend is Davis. He sits behind me. He has a round face, a small nose and mouth. He also has a pair of big eyes and long arms.

I like Davis because he is playful and talkative. He likes to play with his friends and help me with my homework.

He is good at Putonghua and Maths. He is good at speaking Putonghua and doing sums.

He likes to go shopping and play the recorder. Moreover, he likes playing computer games and football in his free time.

I am lucky to have Davis as my friend. He is a wonderful friend!
