

3C Pang Chin Lam

My best friend

My best friend is Kayla. She sits by the window. She has a ponytail. She is thin too. She is in class 3C.

I like Kayla because she is smart, cheerful and nice. She talks to me every day.

She is good at Math and English. We do homework together at school. She plays with her friends during her free time. I like playing with her. I have fun.

I think she is the best. What do you think about your friends?
